

# ROUILLARD —ZAZ

Make your meeting space all the more stylish by including the Zaz chair. Bringing a warm contemporary feel to your conference rooms, Zaz is also a perfect choice in corporate dining spaces. Its coziness will allow anyone to relax. The collection's minimalist design creates a unique contrast by combining a fully upholstered curved back with angled legs. Perfectly tailor Zaz to your space by choosing from several base options (wood, metal and caster bases).
