### MEDIA

#### Creating Privacy Within Your Collaborative Workspace

Designed to provide a more private setting for videoconferencing, Coast Media features a sound absorbing upholstered wall enclosure fitted with a peninsula table and wire management to ensure optimum use of space. This free-standing unit, which comes in two widths, combines with Coast seating to create a self-contained, cozy meeting area. Coast Media allows you the freedom to set up anywhere within your workspace. Create your customized look with our wide selection of fabrics and colours, and standard or reverse knife-edge laminated table top. This impeccably designed, extremely stable, highly versatile booth will fit perfectly within your office layout, whether it's in a wide open-plan area or in a small lounge space.
